### June Daisies

June is the time of year in Wisconsin where the weather has turned warm, the days are getting longer, and the green grasses and alfalfa fields are coming into full bloom. Our cows enjoy lazily grazing upon these fields giving their milk a distinctive flavor. Using traditional old-world cheese making techniques, we craft their milk into our highly sought-after cheese. The cheese can be enjoyed as a creamy smooth mild cheddar or aged and cured for a nutty - sharp cheddar flavor. There is a limited amount of milk available to craft this award-winning cheese. Pre-booking your orders ensures your customers will have the opportunity to enjoy the rich unique flavor of this cheese.

### Quarter Wheels

We cut our 22# wheels into 4 quarter wedges and seal them allowing you to use smaller portions of our award winning cheeses by minimizing rework and losses.

**Larger Mammoths available upon request**

\*Wheels come on their own pallet

Colby & Colby Jack available up to 1000 lbs.

Monterey Jack, Pepper Jack & Habanero Jack available up to 300 lbs.
